# SOIL TEST REPORT & AGRONOMIC PROFILE

Sample ID: Duffy Rear | Crop: Home Garden / Vegetables

| Parameter      | Value        | Lab Range | Status         |
|----------------|--------------|-----------|----------------|
| pH             | 4.5          | 6.0-6.8   | BELOW OPTIMUM  |
| CEC            | 9.5 meq/100g | 10-20     | SLIGHTLY LOW   |
| Organic Matter | 1.9 %        | 3-5%      | BELOW OPTIMUM  |
| P              | 2.3 ppm      | 4-14      | DEFICIENT      |
| K              | 47.0 ppm     | 100-160   | DEFICIENT      |
| Ca             | 133.0 ppm    | 1000-1500 | CRITICALLY LOW |
| Mg             | 21.0 ppm     | 50-120    | DEFICIENT      |
| S              | 34.4 ppm     | >10       | OPTIMAL        |
| B              | 0.1 ppm      | 0.1-0.5   | LOW            |
| Mn             | 4.4 ppm      | 1.1-6.3   | OPTIMAL        |
| Zn             | 0.8 ppm      | 1.0-7.6   | SLIGHTLY LOW   |
| Cu             | 0.4 ppm      | 0.3-0.6   | OPTIMAL        |
| Fe             | 81.9 ppm     | 2.7-9.4   | ELEVATED       |
| Al             | 94.0 ppm     | <75       | HIGH           |
| Pb             | 1.3 ppm      | <22       | LOW/SAFE       |

**Laboratory Notes:** Routine agricultural soil assay. Values validated according to standard regional soil testing methodologies.
